BOTANICAL GARDEN, PADUA

The Botanical Garden of Padua is the world's oldest botanical garden still in its original location. It was founded in 1545. In this unique garden, rare plants from all parts of the Earth grow. Nature and plant life have been studied here for centuries. There's also a modern "Garden of Biodiversity" with greenhouses showing different climates of our planet. It's like a journey through the fascinating world of plants!

IN THE MUSEUM OF NATURE
AND HUMAN, A DINOSAUR
SKELETON IS DISPLAYED. HOW
DO YOU IMAGINE IT? DRAW IT!
