AEOLIAN ISLANDS

The Aeolian Islands are seven amazing islands near Sicily. They were created by volcanoes long ago! Here you'll find beautiful beaches, clear blue water, and real volcanoes – the most famous is called Stromboli and is still active today. In the small fishing villages, you can also hear exciting stories from fishermen who have lived here for many years.

ALICUDI IS A MOUNTAIN RISING FROM THE WATER, FULL OF COLORFUL HOUSES, FISHING BOATS, AND CATS SLEEPING IN THE SUN. DRAW YOUR OWN ISLAND TOO!
