THE LONGOBARDS IN ITALY. PLACES OF POWER (568-774 A.D.)

The Longobards were people who came to Italy in 568 AD and stayed for over 200 years. They created many kingdoms and built important places like palaces and churches where they ruled. Today we can visit these places, like in Cividale del Friuli and Benevento, to see how they lived.

ONCE, LONGOBARDS WORKS
WERE FULL OF COLORS. COLOR
